University of Mississippi Medical Center Joins Windsor Health Plan as Provider

Nashville, TN (January 3, 2007) - Effective immediately, the University of Mississippi Medical Center (UMC) will be a participating provider in Windsor Health Plan's growing Medicare network. The hospital will accept all Windsor Medicare Extra products offered in the state.

The University of Mississippi Medical Center is the only hospital in the state designated as a level 1 trauma center. Specialized hospital services offered by UMC include: interventional MRI; the only level 3 neonatal intensive care unit (NICU) in the state; separate medical, surgical, cardiac, neuroscience and pediatric ICUs; a heart station for diagnosis and treatment of heart disease; a heart failure clinic; heart, kidney, cornea and bone marrow transplant programs; a comprehensive stroke unit; state-of-the-art radiological imaging systems; a sleep disorders laboratory; and special pharmaceutical services.

"Since Windsor's entry into the market this November, our Medicare products have been growing rapidly as Central Mississippi recognizes the benefits offered by Windsor Medicare Extra," said Michael Bailey, CEO/President for Windsor Health Plan, Inc. "The Central Mississippi area represents an important market for us, and we're very excited to have the University of Mississippi Medical Center in our network."

The University Hospitals and Clinics include the University Hospital, Winfred L. Wiser Hospital for Women & Infants, Blair E. Batson Hospital for Children and, for faculty practice, the University Medical Pavilion. One mile west of campus, the Jackson Medical Mall houses the hospital's specialty care clinics, the ambulatory specialty clinics and the Jackson Heart Study offices.

About Windsor Health Plan

Windsor Health Plan operates both the Windsor Rx and Windsor Medicare Extra products. Windsor Health Plan is wholly owned by Windsor Health Group Inc., a Nashville, Tennessee based managed healthcare company operating fully certified, licensed and contracted government sponsored health plans through the Centers for Medicare & Medicaid Services (CMS) and providing specialty managed care service to both the insurance and healthcare provider communities. Windsor Medicare Extra is a series of Medicare Advantage Plans that provides comprehensive benefit coverage to

Medicare beneficiaries. By combining the benefits of Original Medicare, Medicare Supplements and Medicare Prescription drug coverage with extra benefits ranging from preventative care and health screening to hearing, eye care and even transportation coverage, Windsor Medicare Extra Plans provide “all-in-one” coverage from a single trusted source. Windsor Medicare Rx is a Medicare Prescription Drug Plan that provides comprehensive prescription drug coverage to Medicare beneficiaries in Alabama, Arkansas, Mississippi and Tennessee.
